

REBYOTA® Account Set Up & Ordering Information

What you need to know to order **REBYOTA**

There are multiple ways to obtain REBYOTA for your patients.

REBYOTA is available for order through a network of specialty distributors (SDs).

Administration is also available via REBYOTA @ Home or dispensed via a specialty pharmacy (SP). There may be payer-dependent requirements—running a benefits verification is the best way to confirm.

A current list of distributor names and phone numbers can be found on page 3. However, distributors may change over time. Please refer to our website at www.REBYOTAHCP.com.

Please see full prescribing information available from your sales representative or at www.REBYOTAHCP.com.

Revised March 2024

1 SPECIALTY DISTRIBUTOR ACCOUNT SET UP

This step is only needed if you don't have an in-network Specialty Distributor account currently set up:

Prior to ordering REBYOTA® for your patients, you will need to ensure you have an SD account within our network. We have provided a couple steps to get you started.

Identify which Specialty Distributor you would like to use within the network

The SD network account set up information chart on page 3 contains the specific contact information you will need to begin the process with your preferred SD.

- Each SD has its own application process, turnaround time, and list of documentation that is needed to submit an order
- Address verification may be required

May take a minimum 72 hours for an account set up.

Scan to learn more about how to order REBYOTA and to find the most current list of distributors.

Specialty Distributor shipping, returns, and replacement policies

REBYOTA® contains live microorganisms; it is important to follow proper storage requirements:

- REBYOTA can stay in the unopened orange shipper box up to 5 days from date on box
- Follow unpacking instructions printed on the orange shipper box for storage and thawing requirements
- AEROSAFE will facilitate box returns with a phone call 1-2 days after receipt
 - Tel: 1-585-328-2140

Returns/Replacement goods policy:

- If a patient misses the appointment and the thawed REBYOTA cannot be used, Ferring will offer zero-cost replacement for the product purchased through a REBYOTA SD or purchased directly through Ferring
- For complete return/replacement policies and procedures, please contact your site of product procurement

REBYOTA® @ Home

- Offers patients in-home administration with consideration to:
 - Location constraints
 - Physical limitations
 - Administrative obstacles
- REBYOTA @ Home manages the process from start to finish
- In-home health nurses, available in all 50 states, coordinate administration

How to get started:

- Complete the patient enrollment form at www.REBYOTACONNECT.com to begin the benefits verification process to determine if your patient's insurance will cover in-home administration
- Make sure to check the REBYOTA @ Home box on the form
- Fax the enrollment form to 1-877-778-7167

Scan to watch a simulated, instructional video on what to expect during a REBYOTA @ Home administration.

REBYOTA® PRODUCT INFORMATION

NDC#

55566-9800-2

How supplied

REBYOTA and the administration set are shipped together in a box. Each box may contain up to 6 cartons of REBYOTA and up to 6 administration sets. Each carton of REBYOTA (NDC 55566-9800-2) contains a single dose.

Storage and handling

REBYOTA contains live microorganisms. It is important to follow the storage requirements.

Upon Receipt:

Store the REBYOTA carton in an ultracold freezer (-60°C to -90°C, -76°F to -130°F). Alternatively, store in a refrigerator (2°C to 8°C, 36°F to 46°F) for up to 5 days (including thaw time). Do not refreeze REBYOTA after thawing.

Store the administration set at 10°C to 34°C (50°F to 93°F).

DO NOT store the administration set in the freezer.

Before Using:

Prior to use, thaw REBYOTA completely by placing carton in a refrigerator (2°C to 8°C, 36°F to 46°F) for approximately 24 hours. Do not refreeze REBYOTA after thawing.

Dispose of all components in medical waste.

Carton size

Product Box: 9 7/16" x 5 6/16" x 1"

Tube kit box: 9 7/16" x 5 6/16" x 1"

Combined: 18 14/16" x 5 12/16" x 2"

Carton weight

Product: 0.264 kg each

Administration Set: 0.09 kg each

REBYOTA® may be dispensed via Specialty Pharmacies

There may be payer-dependent requirements—running a benefits verification is the best way to confirm.

Please work with your SP on logistics, handling, and their specific returns and replacement policies.
